Crooked I

So tell me about the patient

The patient just arrived a minute ago. His vital signs are very , very low. No exit or entry wounds. We don't understand why he 's dying

Was he ever conscience?

Yes, he was conscience

Did you find out if he was allergic to any anesthesia or medications at that time?

No, sir we didn't, but he had several controlled substances in his system right now. Coke, marijuana, codeine, uppers and downers, alcohol, everything

Wow, and he didn't OD?

No

Any paraphernalia on the patient to clue us in on why he might be in this predicament?

No, sir. All he had was condoms and an excessive amount of cash rolled up in rubber bands and a wallet

A wallet?

Yes

Any ID?

Yes, he has ID sir

What's his name?

First name Hip. Last name Hop

We're losing him!

Clear! (sound of a defibrillator)
