

Wipeout

Crossfaith

No turning back from the light of the future
You gotta ride on the sound of the fever
Just believe you can fly up higher
Not afraid cause it fearless believer

(3, 2, 1, go) break the door
(Now) sell my soul
(Now) it's time to go
I'm not afraid
(Go) break away
(No) more to say
(Now) change the way

We gotta break the past and we follow the light
Who can judge the world with black or white
We're gonna bang bang bang, break off the roof
And it's time time time to fly away

I fly into the future
No time to wait
Just fly away, fly away
Fly away to something new
I take you to the future
No time to waste
Just fly away, fly away
Fly away to something new

(Brace for impact)
(Brace for impact)
(3, 2, 1)

(Go) break the door
(Now) sell my soul
(Now) it's time to go
(Go) break away
(No) more to say
(Now) change the way

We've been overthinking, it made me confused
The perfect plan, that's what I refused
You'll never catch me, ca-ca-ca-catch me
You'll never judge me, ju-ju-ju-judge me

I fly into the future
No time to wait
Just fly away, fly away
Fly away to something new
I take you to the future
No time to waste
Just fly away, fly away
Fly away to something new

I'm not afraid, I'm not afraid
I'm not afraid to fly away
I'm not afraid, I'm not afraid

I'm not afraid, I'm not afraid

I'm not afraid to fly away
I'm not afraid, I'm not afraid
I'm not afraid to fly away

No turning back from the light of the future
You gotta ride on the sound of the fever
Just believe you can fly up higher
Not afraid cause it fearless believer
Just let me go!

I fly into the future
No time to wait
Just fly away, fly away
Fly away to something new
I take you to the future
No time to waste
Just fly away, fly away
Fly away to something new

I fly into the future
Head for the brand new day
No time to waste
Just fly away, fly away
Fly away to something new
