## I Am in Love

## **Crowded House**

Called out to prove my love
You reply by getting defensive
Called out to prove my love
Now you should be able to sense it

I'm full of your dreams
I let you sleep with the lights on
Stay with me might as well
Be the kind of girl you want to be

I am in love
I am in love
I am a fool
Fell from above

These things that I have done They would be a test of anyone How am I meant to see You dressed up like your mother

They say you marry your father
I hope that don't reflect on me
They say you marry your mother
I hope that don't put you in her company

I am in love
I am in love
And I am a fool
There is no other
I am in love
I am in love

What I say is don't lie
But it's enough to make you wonder
I can't be one that you wanna trust
And not the one that you wanna trample
In the dust

I am in love
I am in love
And I am a fool
There is no other
I am in love
I am in love

Into the fire
Tears start coming
Good stars surround us
It's enough to wanna make you wonder
