

Sweet Jesus

Crowder

Sweet Jesus
It's You and nobody else

When life's a mess and you can't catch your breath
And no one's there to bail you out
Got a wall so tall, wishing it would fall
I know who can tear it down

Sweet Jesus
Him and nobody else
Sweet Jesus
He's the one you call for help

Say His Name
Walls start shaking
Say His Name
Chains start breaking
Say His Name
Say His Name
The Name above all names
Say His Name
Lives start changing
Say His Name
Hearts start praising
Say His Name
Say His Name
The Name above all names

Sweet Jesus
It's You and nobody else

So amazed, every day
(By Your grace)
Every way
You stay faithful
I'm awake, I'm alive
(Like I can fly)
I gotta praise You
I will praise You

Jesus
You don't ever let me go
Sweet Jesus
Sweetest name I know

Say His Name
Walls start shaking
Say His Name
Chains start breaking
Say His Name
Say His Name
The Name above all names
Say His Name
Lives start changing
Say His Name
Hearts start praising
Say His Name

Say His Name
The Name above all names

On the good days, say it
On the hard days, say it
We can always say it
The Name above all names
On the good days, say it
On the hard days, say it
We can always say it
The Name above all names

Say His Name
Walls start shaking
Say His Name
Chains start breaking
Say His Name
Say His Name
The Name above all names
Say His Name
Lives start changing
Say His Name
Hearts start praising
Say His Name
Say His Name
The Name above all names

Sweet Jesus
It's You and nobody else
Sweet Jesus
It's You and nobody else
Sweet Jesus
It's You and nobody else
Sweet Jesus
It's You and nobody else
