

Wildfire

Crowder

Down in that lonesome valley
Doubt is a killer
Neck deep in the swamp I hear it
Saying I'm a sinner
How far is east from west
How deep is the deepest sea
How wide are the arms of grace
How empty is the grave

(Wildfire) Came down from the mountain
(Wildfire) Fell down on me
(Wildfire) Wildfire from the mountain
(Wildfire) Done set me free
(Wildfire) Came down from the mountain
(Wildfire) Fell down on me
(Wildfire) Wildfire from the mountain
(Wildfire) Done set me free
Yeah, Lord, take my hand
Yeah, Lord, take my hand, take my hand

We got holy revival
I feel a ghost here
Already won the battle
No need for no fear
Got you from east to west
Got you from scared to brave
Got you from broke to blessed
Come see the empty grave

(Wildfire) Came down from the mountain
(Wildfire) Fell down on me
(Wildfire) Wildfire from the mountain
(Wildfire) Done set me free
(Wildfire) Came down from the mountain
(Wildfire) Fell down on me
(Wildfire) Wildfire from the mountain
(Wildfire) Done set me free
Yeah, Lord, take my hand
Yeah, Lord, take my hand, take my hand

Testify, purify, glorify, justified
(Testify) Testify, I'm living proof
(Purify) Purified all thanks to You
(Glorify) Glorify is all I wanna do
(Justified) Come alive, we burn for You
We burn for You, we burn for You
We burn...

Wildfire (we burn for You)
Came down from the mountain
Wildfire
Fell down on me
Wildfire (we burn for You)
Wildfire from the mountain
Wildfire (we burn)
Done set me free
Wildfire (we burn for You)

Came down from the mountain
Wildfire
Fell down on me
Wildfire (we burn for You)
Wildfire from the mountain
Wildfire (we burn)
Done set me free
Yeah, Lord, take my hand
Yeah, Lord, take my hand, take my hand
