

Living with Pride

Cruadalach

Burn! Burn!

Sometimes my heart trembles
Oppression beats me down
There's no way to endure this
(With legs rooted to the ground)

Rules are here to shape your soul
They want you to forget who you're
Addapt to the maze like a rat
Or choose a way out of the crowd!
I've made my choice!

This is my family (My tribe!) - My tribe!
This is my destiny (Revolt!) - Revolt!
I've made my choice!

Stare at the Sun until it burns out
every dawn at the horizon is yours

R: Now you are free
In the world of deceit
Be yourself
And scream it out
We all live with pride
We all live with pride!
