

# When The Playas Live

## Crucial Conflict

[Intro/Chorus - Never]

(Playas)

Mack lack justa messed up the game

(Playas)

Messed it up for the real playas who gave it the name

(Playas, ohwoh ohwoh)

Mack lack justa messed up the game

(Playas)

Messed it up for the real playas who gave it the name

They messed up big

When the playas live (Playas)

Double-breast suit, don hats for real

When the playas live (Playas)

Don't have to think twice about no meal

When the playas live (Playas ohwoh ohwoh)

They gotta get all they can get (Playas ohh ohh)

and they feel that they livin is real

[Wildstyle]

A playa gotta do his thing to stay raw

so it ain't no stuffin wit me

Gotta get all mine cos it ain't no time

I'm all about that cash, we green

Pick you up and ride out, straight to the honeycomb hide out with freaks

Booty calls from the mall to the hood

when I'm bumpin and hella creepin down the street

Get your hopes up high if you want to

Big money but I'm still not givin in

Can't afford to lose mo' dividends with the game I put my biddin in

My word (my word) might get in your girl, she mine tonight

I play for the Hay and the E&J, gotta dove in the room if she wanna play

She's keyed to the teeth like a tiger beat

Soakin up your mouth when you're tastin meat

Makin big bank, wanna get spanked

Too slick for you punks, won't get ganked

Gon' stay the same, ain't a thang gon' change

Put it down with the crown, don't like caine

Lay back like a mack with the big faced yac

Agree to never lease Q-ball and stack

[Never]

(Playas)

Mack lack justa messed up the game

(Playas)

Messed it up for the real playas who gave it the name

(Playas, ohwoh ohwoh)

Mack lack justa messed up the game

(Playas)

Messed it up for the real playas who gave it the name

[Wildstyle]

Comin thick weeded, peep game with the Westside of thangs

Slow motion, keep it coastin, strollin

They rollin for the riches and bidness

Weeded, pickin up money top cos all the bull wop

No show and tell and ???

Yo' bidness, yo' bidness and well, hittin up cos I got my mail  
Ain't trippin or flippin at the mouth even though you went down south  
and I was out wit'cha lick cash flows  
I'm phenomenon for the minute but I gotta pass at last  
Lay low, kick back cruisin like cruise control  
Out blow by the window in the do'  
til the point that it might make you lose control  
3-oh-4's slow your roll, gimme that dough you know  
It's no joke to brag or boast  
It's justice like touchin functions for the future 'fore the past will flow  
Don't get mad and go, two to the back, backstabbin, mack lackin  
Gotta get it good, get it right in the middle of the West fo' life  
to put it down like playas

[Never]

When the playas live (Playas)  
Double-breast suit, don hats for real  
When the playas live (Playas)  
Don't have to think twice about no meal  
When the playas live (Playas ohwoh ohwoh)  
They gotta get all they can get (Playas ohh ohh)  
and they feel that they livin is real

When the playas live (Playas)  
Double-breast suit, don hats for real  
When the playas live (Playas)  
Don't have to think twice about no meal  
When the playas live (Playas ohwoh ohwoh)  
They gotta get all they can get (Playas ohh ohh)  
and they feel that yo' livin is real

Lay back, hickey phat, something about squaring up tonight  
Ain't no time to be a mack lack is on  
Gettin it on, if you're not runnin everything is alright  
Me, a playa gotta eat baby, money hungry appetite  
You hear a beep beep, it's a freak gettin her peon  
Choosin blinkin lights, you wanna creep creep  
OOOH I'm humpin in, she's just my type of skee geek  
Seekin for a thousand grams, hit it, now she's so high  
I can't deal with that pimp disease so she got sprung and couldn't stop  
I guess she didn't have enough, of that kilo that she bumrushed  
Can't think about it, something gotta cotton pick  
Be slick, get rich and feed the need  
Make speed, express, no stress, how you gon' pimp it greedy?  
Let's rodeo, I'm a brother with cashflow so what's your mind?  
Follow me, in no time we gon' ride the sign, that's how the playas live

[Wildstyle]

Pimpin ain't easy, nowadays gotta play your cards right  
When you're a roller mackin them freaks  
stay down and spit your game tight  
For ?????? hit em up, I know it's time to slow flight  
but I just can't get enough, it's about that loot on all night

[Coldhard]

You know I had to get my looter mayn, either way this plan go  
I been in this hustlin and this strugglin game ever since '84  
Always wanted to have some ever since I was a shorty  
And I wadn't no punk when it came to get straight nasty and naughty  
Cos I knew how to get my money, ???? wasn't no dummy  
Sit back, sketch a map, write a list of a homey  
The two's, the one's, that I, select  
to come up, get what I'm gonna get and jet, never break a sweat

and won't regret, I'm with no checks, ain't no disrespect  
Cos I wanna flex, I'm ???? go flip me your legs  
Hell bidness bidness, gotta eat, entitled to three women  
While shipping me by the feet, and if you judge then judge my thang

[Never]

When the playas live (Playas)  
Double-breast suit, don hats for real  
When the playas live (Playas)  
Don't have to think twice about no meal  
When the playas live (Playas ohwoh ohwoh)  
They gotta get all they can get (Playas ohh ohh)  
and they feel that they livin is real
