

Forces of Hades

Cruel Force

Satan our father
We're ready to strike
Summon all evil
Bring death to mankind

Watch the sky
Is turning to red
Heretic forces
Will call the living dead

Now it's time
Forces of Hades
Forces of Hades

Forces of Hades will rule tonight
Forces of Hades will crush with pride
Forces of Hades will rule tonight
Forces of Hades crush the sky

Belial, Leviathan all hail
Shemamforash
Teach us evil
And fuck virgin flesh

Open the gates
Sign of the horns
Tyrants reign
Will never fail

Now it's time
Forces of Hades
Forces of Hades

Forces of Hades will rule tonight
Forces of Hades will crush with pride
Forces of Hades will rule tonight
Forces of Hades crush the sky
