Satan our father
We're ready to strike
Summon all evil
Bring death to mankind

Watch the sky
Is turning to red
Heretic forces
Will call the living dead

Now it's time Forces of Hades Forces of Hades

Forces of Hades will rule tonight
Forces of Hades will crush with pride
Forces of Hades will rule tonight
Forces of Hades crush the sky

Belial, Leviathan all hail Shemamforash Teach us evil And fuck virgin flesh

Open the gates Sign of the horns Tyrants reign Will never fail

Now it's time Forces of Hades Forces of Hades

Forces of Hades will rule tonight Forces of Hades will crush with pride Forces of Hades will rule tonight Forces of Hades crush the sky
