## **Heavy Metal Mania**

Inside the power cage I can feel the music of my age It's paranoid... first degree Tellin' me that I'm not free

I've got Heavy Metal music in my blood And I'd like to give it to you if I could

As I lie in the shroud of darkness The wings of light remove the veil It's Heavy, Heavy Heavy Metal Mania all the way Rock 'n roll... far too slow So the adrenaline just doesn't flow Where is the power, where is the glory? Heavy Metal is my story
