

# I'll Be Waiting

Crystal Ball

You're walking on the edge  
Scrawling in the mud  
You waste your time waste your life  
No matter what they say

You're staring at the stars  
Walking down this road  
We both have walked this way before  
You just cannot ignore

You know it can't be wrong  
To start it all over  
So take my hand and come along

And I'll be waiting  
When you feel like I do  
I'll be waiting  
Come back where you belong

And I'll be waiting  
I'll be waiting for you  
I'll be waiting  
For you

You asked me for my time  
I gave you all I had  
I saved you from your evil thoughts  
And the voice inside your head

It seems, you realised  
Now you care what's in the inside  
Inside your heart and in your mind  
No secrets left to hide

You know it can't be wrong  
To start it all over  
So take my hand and come along

And I'll be waiting  
When you feel like I do  
I'll be waiting  
Come back where you belong

And I'll be waiting  
I'll be waiting for you  
I'll be waiting  
For you
