

# He Is Beautiful to Me

Crystal Gayle

He is beautiful to me  
Not in my wildest dreams  
Did I ever dream he would come to me  
Now I was lost but I have found  
True heaven through his love  
And comfort knowing he is beautiful to me

He's the key to the door  
Of joy never-ending  
He's the light, he's the way  
And without him I say I can't go on

For he is so beautiful to me  
He gives me so much love  
Without thinking of  
What he gets from me

He's the road with no end  
He's life everlasting  
He's a friend, he's a king  
And to him I will bring all I have

And I will love him til I die  
And even then I know  
This love will grow and grow  
He's so beautiful to me  
He's beautiful to me  
So beautiful to me
