

I've Cried (The Blue Right Out of My Eyes)

Crystal Gayle

Oh I've hurt enough
For the both of us
Since we said our goodbyes
And I've cried and cried
Until I've cried
The blue right out of my eyes

If you hear a beat
Look down at your feet
For that's where my heart lies
I should run and hide
Because I've cried
The blue right out of my eyes

Now my eyes are gray
The blues are washed away
From tears I've cried for you
I need you desperately
Baby honestly
I love you, you know that I do

Come on back again
Don't say it's the end
Or don't you realize
Since you've left my side
Darlin' I've cried
The blue right out of my eyes

Come on back again
Don't say it's the end
Or don't you realize
Since you've left my side
Darlin' I've cried
The blue right out of my eyes
