

Why Cry?

Crystal Gayle

Why Cry

I don't think I'll be a fool tonight
Just because our love is not going right
It does no good at all to walk the floor
And listen for your knock upon my door.

Why cry

Why not dry these tears and call it goodbye
Even though I know that I can't admit we're really through
And you'll just break my heart in two
If your love is just a lie
Why cry?

I could shed a million tears but what's the use
Cause these two eyes have took enough abuse
And even though it cuts me to the bone
Crying's never gonna bring you home.

Why cry

Why not dry these tears and call it goodbye
Even though I know that I can't admit we're really through
And you'll just break my heart in two
If your love is just a lie
Why cry?

Drop by drop I've wasted time and heartache over you
I need to get control of me and find somebody new

Why cry

Why not dry these tears and call it goodbye
Even though I know that I can't admit we're really through
And you'll just break my heart in two
If your love is just a lie
Why cry?
