Why Cry

I don't think I'll be a fool tonight Just because our love is not going right It does no good at all to walk the floor And listen for your knock upon my door.

Why cry
Why not dry these tears and call it goodbye
Even though I know that I can't admit we're really through
And you'll just break my heart in two
If your love is just a lie
Why cry?

I could shed a million tears but what's the use Cause these two eyes have took enough abuse And even though it cuts me to the bone Crying's never gonna bring you home.

Why cry
Why not dry these tears and call it goodbye
Even though I know that I can't admit we're really through
And you'll just break my heart in two
If your love is just a lie
Why cry?

Drop by drop I've wasted time and heartache over you I need to get control of me and find somebody new

Why cry

Why not dry these tears and call it goodbye
Even though I know that I can't admit we're really through
And you'll just break my heart in two
If your love is just a lie
Why cry?
