

# You're the Best Thing in My Life

Crystal Gayle

If all of the treasures in this world were mine  
None would be so cherished as the love in your eyes  
Every time I touch you I can feel the fever burning me inside  
And you are the best thing in my life  
(You're the best thing in my life, you're the best thing in my life)

You tender me with your love in the night  
We drift away into a lover's high  
Every time I hold you I can feel the fever burning me inside, deep inside  
And you are the best thing in my life  
(You're the best thing in my life, you're the best thing in my life)

All life can offer is just what I am  
But I'll give you more love than anybody can  
Every time I kiss you I can feel the fever burning me inside  
And you are the best thing in my life  
(You're the best thing in my life, you're the best thing in my life)

And you are the best thing in my life  
(You're the best thing in my life, you're the best thing in my life)  
And you are the best thing in my life  
(You're the best thing in my life, you're the best thing in my life)  
And you are the best thing in my life
