

God's Been Good To Me

Crystal Lewis

God's been good to me
Oh, God's always been good
God's been good to me
Oh, God's always been good

I don't always say the right things
Boy I try
I don't always live
My life the right way

But God is faithful to forgive me
When I fail or fall
I am unworthy of it all
Still He keeps on givin'

God's been good to me
Oh, God's always been good
God's been good to me
Oh, God's always been good

My God has given me
More than I ever dreamed
A precious family
And friends who care for me

Why should he love me so
Oh, that I'll never know
I am unworthy of it all
Still He keeps on givin' to me

God's been good to me
Oh, God's always been good
God's been good to me
Oh, God's always been good

It would take hours and days at a time
For me to sit down and write down
All the things
He's done

Let me say this that
Its nothing I've done
But its the grace
He gives freely to everyone

Tell everybody
Tell everybody 'bout it
Tell everybody
Everybody 'ought to know
