Crystal Tears

Each time you look in your own eyes  
The mirror's bleeding  
Each tear another hero dies

Always blinded by your fears  
Never wanted to tame that power  
Burning up your savage heart

Unleash the beast that calls you night and day  
Aware of all the things you may embrace

Tame the Devil inside

Free the Devil inside  
Be careful what you're digging, don't know what you will find  
Trap the Devil inside  
Snake will keep on crawling, never look behind  
Kill the Devil inside  
Sow the seeds of chaos, find your piece 'o mind
