

Stay

Cuff the Duke

In the summer that I met you
I was lost and in search of proof
Oh when the autumn leaves started falling
I've found a proof that was here with you

I know that I can forget sometimes
But always know that I'm on your side
I want you to hear me say

Stay with me tonight
Stay with me tonight

And as the winds blew cool from the north full
I held you close and kept you here
I spoke softly of my love, that was really
I held you close to reassure

And still the winds continue to show
I need you more than you'll ever know
I want you to hear me say

Stay with me tonight
Stay with me tonight
So I can hold you in the morning light

It's been years since I first saw you
And from the start I think I always knew
No set lines with words that tremble
No heartache when I'm here with you

I know that I can forget sometimes
But know that I'm always by your side

Stay with me tonight
Stay with me tonight
So I can hold you in the morning light

Stay with me tonight
Stay with me tonight
Stay with me tonight
Stay with me tonight
So I can hold you in the morning light

Stay with me tonight
