

Less Than Perfect

I know a song ain't good enough to let you know how I feel
I'll sing it hard, I'll sing it sweet, to let you know that it's real
If I change my attitude, maybe I can conquer you completely
All the things I say and do, everything I learn from you defeat me

And I let you down
I let you down
I let you down
I let you down

I know it's wrong to blame the past for everything that I do
I fool the world most of the time but there's no fooling you
If I change my attitude, maybe I can conquer you completely
Everything I say and do, all I learn from you defeat me

And I let you down
I let you down
I let you down
I let you down
I let you down
Let you down

What you see ain't always what you get
No matter how clear it seems
One minute lovers, then the next...

Oh oh no
Oh no

I let you down, yeah yeah
I let you down
I let you down
I let you down
I let you down
I let you down
Let you down
Let you down
