

Future Song (Love A Good Woman, Love A Good Man)

Curtis Mayfield

Heavenly father
Testify
Heavenly father
I got to testify
Heavenly father
Testify
Heavenly father

Don't leave your woman playing on your ego
Don't let go your man
For what the girls think they know
Keep him, keep him arms hold tight
Love her dearly with all your might
Hold him, hold him baby, never let go
Remember [?] is just as we know

Take care of your woman
Take care of your man
Take care of your woman
Take care of your man

And time will see, it's been proven
That a love like ours is such a [?]
Whatever it might be through our society
Its we the people in love who make a family
The good lord above
Lord is here for love
So take care of your woman
Take care of your man
Look at yourself
You ain't too much to look at
Shame on yourself you simple human being
What does it mean without love for another
How can nothing be anything

Heavenly father
Heavenly father
Heavenly father
Got to testify
Heavenly father
Testify
Heavenly father
Heavenly father
Heavenly father
Heavenly father
Heavenly father
Heavenly father

Don't care about astrology
If its good it all can be
Don't care about our fallen walls
We'll work it out for goodness sakes
Heavenly father
Got to testify
Heavenly father
Testify
Heavenly father

Heavenly father
Take care of your woman
Take care of your man
Take care of your woman
Take care of your man
Yeah
Heavenly father
Ooh lord, lord, lord, lord
Heavenly father
Take care, take care
Take care
Take care
Take care of your woman
