

I Believe in You

Curtis Mayfield

I believe in that the stars keep shining all through the night
I believe if we just keep trying, it will be alright
I believe that someday we're gonna find our way
And I believe in a beautiful day

I believe in lovers walking side by side
I believe that someday we'll be satisfied
I believe the angels listen, God hears us pray
And I believe in a beautiful day
Yeah, I believe it's gonna work out ok

But not for me and not for you
I believe, I believe, I believe, I believe
I believe, I believe, I believe, I believe

I believe there's an answer waiting when the day is done
I believe if you just keep searching, you'll find someone
I believe that you and I just lost our way
And I believe in a beautiful day
I still believe in a beautiful day

But not for me and not for you
I know you tried, I tried too
Sometimes all our dreams just don't come true

I believe, I believe, I believe, I believe
I believe, I believe, I believe, I believe

Beautiful day...
