

# Jesus

Curtis Mayfield

Maybe the words I say is just another way to pray  
I don't know  
Don't think that I'm any saint 'cause  
I can't do nothin' for you  
I only asked of you just as I got to do myself  
Look into your inner self only you know how to be  
free  
If you wanna grin let it smile  
Feel a little happy go on and dance a while  
Can nobody play down God's lovin' child  
'Cause when the spirit hits you you got to move  
And just as He made us one of many  
Then aren't the many of us maybe only one  
surely can you be the rising sun but  
The depth of night the light for sight  
Sort of sets the moral standards of soul  
Gives you the strength to pay the price of life  
And rewards you with a bit of fulfillment  
The definition of true He is more real than you  
isn't he?

Almighty Doctor must have been a heavenly man  
JESUS!  
Lot of inspiration all over this land Jesus  
In spite of your fears you can shed happy tears  
Jesus!  
Don't care what you call Him none can befall Him  
Hear me say Amen! Amen! Amen! Hear me say  
Amen!  
Now stand up and clap your hands  
Amen! Amen! Amen! Ah! Ah! Ah!  
Travelin' Soul the way the story goes  
We all know He was crucified  
But what He gave us never will die!  
He never had a hustlin' mind  
Doin' crime wastin' time!  
Drinkin' that wine  
Drinkin' and drinkin' and drinkin' and drinkin'  
You need courage in time of fear  
Because of undyin' news you hear  
Talk about Jesus talk about Jesus  
Strength in time of new temptation  
Don't want to lose a love relation  
Talk about Jesus talk about Jesus  
He never had a hustlin' mind  
Doin' crime wastin' time  
Drinkin' that wine  
Drinkin' and drinkin' and drinkin' and drinkin'  
and drinkin' and drinkin'

The world I see before me is tryin' to make me a slave  
Jesus!  
Than to see many children hungry  
I'd rather go to my grave Jesus!  
The lovin' way of life  
Has terribly been arranged Jesus!  
Something's mighty mighty wrong

And it seems awful strange  
Just like a back up gear there are those in fear  
Of falling near we who are already here  
Look-a-here, look-a-here, look-a-here  
You need courage in time of fear  
Because of undyin' news you hear  
Talk about Jesus talk about Jesus  
Strength in time of new relations  
Don't want to lose a love relation  
Talk about Jesus talk about Jesus  
He never had a hustlin' mind  
Doin' crime wastin' time  
Drinkin' that wine  
Drinkin' and drinkin' and drinkin' and drinkin'  
and a-  
Talk about Jesus
