

Nice And Easy

Curve

I don't do bad things I don't do good, Stay in the middle like
I know I should, 'cos it's the safe place between black and white,
There's no decision that can burn to bright.

Nice and easy, Nice and easy does it, We all aspire to know what that means,
We all aspire to know how that feels.

I ain't harsh baby no I ain't cruel, My loving hand well she ain't no fool,
I'm long on patience and never bland, I can take more than you could ever stand.

Nice and easy, Nice and easy, Nice and easy, Nice and easy, Nice and easy,
Nice and easy does it, We all aspire to know what that means, We all aspire to know how that feels.

Feels, Feels, Feels, Feels, Feels, Feels.
