

## Hot And Bothered

Curved Air

I don't want no top bunch  
Love how your lips go  
Whisperin' kisses  
Love me, come close to me  
I'm hot and bothered  
Just want to hold you tonight

Guy in stargaze [\*]  
Start up my lovin'  
[?]  
Hot and you're lovin' me now  
My collector [\*]  
Over the top now  
Straight up, it's hands down  
Straight up, the land of love  
Hot and bothered  
Hot and bothered  
Just want to hold you tonight

I don't want no top bunch  
Love how your lips go  
Whisperin' kisses  
Love me, come close to me  
I'm hot and bothered  
Hot and bothered  
Hot and bothered  
Just want to hold you tonight
