

Curbstomp the devil

D.O.A.

The Prince of Darkness came up to me
Asking allegiance, demanding his fee
So I sucker punched him and started mopping the deck
I tore off his head, and shit in his neck

Let's curb stomp the devil
Let's curb stomp the devil
And hit him hard with a slice of metal
Let's curb stomp the devil - the devil

The Prince of Darkness showed up on TV
His phony smile didn't fool me
A TV preacher, a festering sore
In his spare time he's out fucking whores

Let's curb stomp the devil
Let's curb stomp the devil
And hit him hard with a slice of metal
Let's curb stomp the devil - the devil

All your faces look the same to me
Politicians and the servants of greed
Your motley crew is on the rocks
'Cos you got your horns in a Cracker Jack box

Let's curb stomp the devil
Let's curb stomp the devil
And hit him hard with a slice of metal
Let's curb stomp the devil - the devil
