

You Can't Walk All Over Me

D.O.A.

it don't matter that you'd like to see me yeah, you'd like to see me die i know that you wanna squash my spirit but i'm gonna let my spirit fly and it don't matter that's my blood my blood you'd like to spill 'cause it won't stop me from fighting i'll keep crawling up the hill [Chorus:] you can't walk over me you work me, try to make me bleed i'll stand in your way, everyday [Chorus:] i know you got my file and you're closing in on fire but i got, i got to warn you there's a lot of us than you, you can see [Chorus]
