

## Slit My Wrist

D.R.I.

Every day I get more pissed  
Slit my wrist, slit my wrist  
I hate to care, I hate relations  
A pile stacked high of complications  
Every day I get more pissed  
Slit my wrist, slit my wrist  
I hate the thought that I must give  
All my time just to live  
Every day I get more pissed  
Slit my wrist, slit my wrist  
I hate the thought of government aid  
Across my wrist, a razor blade  
Every day I get more pissed  
Slit my wrist, slit my wrist
