

I Can Get Over You

D'Sound

See something that you'll never, ever see:
I see light.
And I am something that you'll never, ever be:
I am right.
And I am stronger than you ever will be.
Play in your pond - I'll sail away on my sea.
And I am stronger than you ever will be.
Play in your pond - I'll sail away on my sea.

And I can get over you
No time a wastin'
And I can get over you
The future I'm tastin'

Being upset must be your hobby,
Well that's how it seems.
Wasting the years
Because you cannot give flesh to your dreams.

Break all your promises! See what you get!
Noone is gonna reward you for that.
Break all your promises! See what you get!
Noone is gonna reward you for that.

And I can get over you
No time a wastin'
I can get over you
The future I'm tastin'

Bu-hu, bu-hu,
Who is crying over you?
So see me swing, see me sway
As I dance, I dance away.
