

# Can't Give Up For Love

Da Buzz

When I saw your face  
You smiled and you said your name  
I gave you my heart, my love was so real for you

Now when you are gone  
You know it's time to understand  
What I want, what I need in my life

What you feel, what you do  
What you need, I don't care anymore  
Then I remember the way you treated me  
I can't give up for love  
What you're feeling, what you do  
What you need, I don't care anymore  
When I remember the way you treated me  
I can't give up, I just can't give up for love

I wanna believe, that love can be good to me  
And maybe someday  
The beauty will shine on me

Now when you are gone  
You know it's time to understand  
What I want, what I need in my life

What you feel, what you do  
What you need, I don't care anymore  
When I remember the way you treated me  
I can't give up for love  
What you're feeling, what you do  
What you need, I don't care anymore  
When I remember the way you treated me  
I can't give up, I just can't give up for love

You can never know  
What will happen in your life  
'Cause it's all up to destiny  
To give you a reason to smile

What you feel, what you do  
What you need, I don't care anymore  
Then I remember the way you treated me  
I can't give up for love  
What you're feeling, what you do  
What you need, I don't care anymore  
When I remember the way you treated me  
I can't give up, I just can't give up for love

I just can't give up for love
