

I Wanna Be Free

Da Buzz

I wanna be free
I wanna be free

Here we are, hanging on the edge again
Never say, never go the easy way
Here we stand, watching from a different place
Never go, you think you're gonna make me stay

I wanna be free, wanna feel alive
I wanna be free, wanna have my life again
You're never gonna see me sad
Never gonna make me cry
I just need the time to make it right

Love is good, it makes you feel alright
Love's so strong, maybe it treats you wrong
I don't know what is in my dreams?
You are here, don't think you're in my mind

I wanna be free, wanna feel alive
I wanna be free, I wanna have my life again
You're never gonna see me sad
Never gonna make me cry
I just need the time to make it right

Here we stand, watching from a different place
Never go, you think you're gonna make me stay
Just wanna be free, I want to feel alive
I wanna be free, I want to have my life again

I wanna be free, I wanna feel alive
I wanna be free, wanna have my life again
You're never gonna see me sad
Never gonna make me cry
I just need the time to make it right
