

# Crawling From The Wreck

Daan

I'm  
crawling from the wreck  
rally around the flag  
skip the final act put the rabbit back  
give the guy a break do another take  
drag another lake just try not to fake  
sixteen for the road lost by just a note  
hopelessly devote forcing me to quote  
on my way to god shooting to get shot  
people talk a lot bullshit by the lot  
(crawl) I can walk on the water  
(ing) I can make it myself  
(from) I'll endorse any slaughter  
  
(the wreck) I will marry the elf  
(crawl) For these bags filled with clean air  
(ing) For the ones I do care  
(from) For the audience waiting  
(the wreck) For a crash with flair  
I'm crawling from the wreck  
frontal lobe attack  
nurses selling crack  
monomaniac  
gamblers out of luck  
stars without a buck  
churches lightning struck  
 milfs that need a fuck  
(crawl) I can walk on the water...
