Straight off the rip, you know I don't wait for the drop
I go out to eat with my kids and my mama, you know I ain't datin

Believe what you see, nigga
I can't name a rapper that's out here and breathing that's fuck

I'm taking they hoes, Forces, Adidas pants and a tee, nigga
They like how? That don't even match
OK, huh take my phone, baby
Let's go

I'm just a lil' nigga from Charlotte, the biggest new artist
They wanna see me up the road, but my lawyer a fool with dismis

I'ma let you do all of that talking, don't get me started, you
know I'ma stop it
And I don't got a cent for a hoe, she bringing up money, I'm ch

She need to be talking about sucking some dick, I nut in her mo
uth and she gargle
If she spit out that rich nigga shit without swallowing, me and
her having some problems
We having revolvers strictly for murder and plenty of pistols a
nd choppas
Aye, when you gone stop? Whenever the fat lady sing, I don't li

You know how I give it up, fucked around, fucked up my hand bea

Pull off on a nigga like 'Vroom', he don't got a car he still c
atching the city bus
His baby mama unemployed so she in the club with her ass and he
r titties out
And we done robbed so many plugs, you better check and go ask w
hat my city 'bout
Had to slide the nigga bitch a dub, wanted to fuck me but I onl

Take the palm of my hand, slap me a nigga, got something to say
, make em' spit it out
You know I'm 'bout Baby, all the shit the nigga rapping 'bout,
that nigga really 'bout
And no, I ain't taking advice from a nigga, I'm cool on that, I
got it figured out
These niggas be crying about petty shit, I can't relate because
I took a bigger loss

And these niggas know I been a boss, ever since Rick Ross was t
he biggest boss
Got diamonds all over my teeth, I been eating chicken, I need m
e some dental floss
Hold my watch in the air, it's no longer hot, you can go turn t
hat condition off
I'm hitting this hoe on the low, she fuck with me hard, she say
that her nigga soft
Why you talking so low? 'Cause' if a nigga find out and he try
me, I'm knocking a nigga off
I'm riding pass twelve, flying through fast as hell, flicking a
nigga off
I'm revving the gas, burning out on niggas ass, I'm showing my
engine off

Straight off the rip, you know I don't wait for the drop
I go out to eat with my kids and my mama, you know I ain't dati
ng no thot
Believe what you see, nigga
I can't name a rapper that's out here and breathing that's fuck
ing with me, nigga
