

The World Can Burn

Dada Life

A silent shout
Throughout this burning
We're bored now
We are the lonely in a massive crowd
Just dancin' to the static noise

The fever days
My soul is fading in amazing ways
We've come a long way now it's too late
If you go home you can't go back

Revolution starts today and we are here to stay
We're on the barricades, shouting loud
When you're close to me
The world can burn
When you're close to me
We are burning tonight
We are burning tonight

You and me, the stage is falling
Come on let's sleep
No, we don't need them if we believe
We're watching as it all comes down

No, they don't know we're getting stronger
'Cause we don't show
When we're together there's always hope
The silence's gonna sing for us

Revolution starts today and we are here to stay
We're on the barricades, shouting loud
When you're close to me
The world can burn
When you're close to me
We are burning tonight

We are burning tonight

Stay close to me
Come on let's sleep
Stay close to me

Revolution starts today and we are here to stay
We're on the barricades, shouting loud
When you're close to me
The world can burn
When you're close to me

Revolution starts today and we are here to stay
We're on the barricades, shouting loud
When you're close to me
The world can burn
When you're close to me
We are burning tonight

We are burning tonight
We are burning tonight
