

## Dorina

Dada

Tried to make you happen  
Tried to make you real  
Tried to make your face  
From a broken Ferris wheel

Listen to me Dori  
Listen and you'll hear  
A wind that carries lonely  
And a wind that carries fear

Dorina  
Dorina

The bartender must be crazy  
He's such an irritating host  
Every night the same dumb  
Question  
Where's your pretty little ghost

Can't a man imagine  
Can't a man be free  
Can't a man just have one little  
Drink
