

# My Heart Is Yours

Dale Watson

It's been through hell and back  
Been broke showin' cracks  
But it's yours, my heart is yours

It's been a while since it had to feel  
Love shy and newly healed  
But it's yours, my heart is yours

Let's take it easy, it's easy to see girl  
It still ain't that strong  
It's barely beaten from being so beaten  
For so long

It's been through hell and back  
Been broken, showin' cracks  
But it's yours, my heart is yours

Let's take it easy, it's easy to see girl  
It still ain't that strong  
It's barely beaten from being so beaten  
For so long

It's been through hell and back  
Been broken, showin' cracks  
But it's yours, my heart is yours  
Baby it's yours, my heart is yours
