

Time Machine

Damh the Bard

last night I had crazy dreams
I build myself a time machine
said goodbye to all my friends
set the day to ...
I went back to 69
heard Hendrix play for the very first time
I cried when I heard Jim Morrison sing
gave the 12 steps to the lizard king
as pages turn
let us learn
let us learn
as pages turn
let us learn
let us learn
So I went to meet Jesus Christ
before he paid his father's price
I met prophet Muhammad too
didn't try to change their point of view
the only thing I want to enter here
was to make their message crystal clear
that peace is love and love is peace
just hear those words and find release

as pages turn
let us learn
let us learn
as pages turn
let us learn
let us learn
I went to hear tallyeson sing
spoke with Merlin about the future king
I saw Stonehenge and what it's for
but I don't think I should say much more
my dream, well, it made me sing
but our time machine is a history
but we have to do what it takes
to stop making the same mistakes
as pages turn
let us learn
let us learn
as pages turn
let us learn
let us learn
as pages turn
let us learn
let us learn
as pages turn
let us learn
let us learn
as pages turn
let us learn
let us learn
