

# Love The Same

Damien Jurado

You don't love me that way  
The words that you say  
Make it obvious now  
Why try pretending you care  
When feelings aren't there  
Just be honest with me

It's not getting easier  
With the two of us just standing here  
Knowing we don't love the same

I said, 'Don't feel ashamed  
Feelings just change  
It's so clear to me now.  
Don't cry you can't deny  
Both of us tried for each other.'

It's not getting easier  
With the two of us just standing here

Knowing we don't love the same

You don't love me that way  
The words that you say  
Make it obvious now
