

Silver Katherine

Damien Jurado

Katherine, I have gone out
Far from, from the garden
I saw stars fall like teeth
Cutting my name into the earth

Katherine, I have seen Him
Outside of Maraqopa
Pacing through the sky
Silver ushered in flight

Time to wake up, in the morning
Feeling free to be the wind
I can take on any mountain
Freedom is my sweetest song

I saw stars fall like teeth
Cutting my name into the earth

He's a mighty stone
He's a mighty stone
Roll away the stone
Roll away the stone
Roll away the stone
