

# Not Just For The Weekend

Damien Leith

Can take such a long time  
Life is not a sure thing  
Can walk right past your eyes  
Like a dream you couldn't keep  
My eyes were open at the right time  
When you were looking my way

And I'LL TAKE YOU HOME  
Not just for the weekend  
We'll chase the days alive  
Welcome in the night  
I want another sign

And I'll keep you warm  
Not just for this moment  
We'll walk a million miles  
Through the years of our lives  
Never alone, Cos I'll take you home

Fell for a wandering star  
Wasn't meant to be  
Gave my heart to a broken dream  
Faded too easily

My eyes were open at the right time  
When you were walking my way  
And I'LL TAKE YOU HOME  
Not just for the weekend  
We'll chase the days alive  
Welcome in the night  
I want another sign

And I'll keep you warm  
Not just for this moment  
We'll walk a million miles  
Through the years of our lives  
Never alone, Cos I'll take you home

And I'LL TAKE YOU HOME  
Not just for the weekend  
We'll chase the days alight  
Welcome in the night  
I want another sign

And I'll keep you warm  
Not just for this moment  
We'll walk a million miles  
Through the years of our lives  
Never alone, never alone  
Cos I'll take you home  
Cos I'll take you home  
Cos I'll take you home
