## **Unplayed Piano**

## **Damien Rice**

Come and see me
Sing me to sleep
Come and free me
Hold me if I need to weep

Maybe it's not the season Maybe it's not the year Maybe there's no good reason Why I'm locked up inside

Just cause they wanna hide me The moon goes bright The darker they make my night

Unplayed pianos are often by a window In a room where nobody loved goes She sits alone with her silent song Somebody bring her home

Unplayed piano still holds a tune Lock on the lid in a stale, stale room Maybe it's not that easy Or maybe it's not that hard

Maybe they could release me
Let the people decide
I've got nothing to hide
I've done nothing wrong
So why have I been here so long?

Unplayed pianos are often by a window In a room where nobody loved goes She sits alone with her silent song Somebody bring her home

Unplayed pianos are often by a window In a room where nobody loved goes She sits alone with her silent song Somebody bring her home

Unplayed piano
Still holds a tune
Years pass by
In the changing of the moon
