

A Rappy Song

Damon Albarn

Correct me if I'm wrong,
is this a rappin' song
but I got token ticking
I bail him over
and well I ques que se
the sun back in my bag
I'm drinking lava sunshine, with tea
and beds are messy
and all my worlds
are shut up in your face
I'll waste a few
I'll give a few
And then ostracize me

I go from hotel to the car
and to the club
and sing my song
and hopefully I look inside
and she is pretty
and so my car is in
Thats the reason I wasn't in
I go rou rou rou round again
and I hope you like us
