

Sub Species Of An American Day

Damon Albarn

Drinking in the evening
Running in the day
Checking my heart, stays away from the grave
Walking on an escalator, am I up or down?
Checking the feelings of the sound
Watching, looking at
Looking at the subspecies of an american day
Of an american day

Hard to keep living
Hard to say what's right
Everybody taking a part of the light
Cooking after sunshine, cooking after night
Watching the subspecies of an american day
Of an american day□
