

# Black Opsing It

Dan Bull

Introduction, get a ping from Hudson  
With a set of specific instructions to bust in  
From Alaskan backwoods, recapture Frank Woods  
You'll never find a finer example of manhood  
Look, capping crooks like Captain Hook, I'm that good  
Snapping necks like matchwood you bastard  
I've got a taste for pain as if I drank blood  
I haven't seen your face in ages, have a man hug

Shoot at me and I'll shoot you back  
The future is bleak? Nah, the future is black  
I said shoot at me and I'll shoot you back  
The future is bleak? Nah, the future is black

I'm Black Opsing it, brap, pop the clip  
Into my pistol and watch this shit  
I'm Black Opsing it, brap, pop the clip  
Into my pistol and watch this shit

I'm a Vietnam vet, the damn best  
Messing with your head as if I'm Russian Roulette  
And yet, I'm a respectable professional  
And best of all, I'm the closest that you'll ever get  
To being Charlton Heston, fool  
I was the best in school, exceptional  
But then I left it all to get some tools  
And head back to the future  
Stealth action shooter  
C.I.A. man, Marine Captain Trooper

Shoot at me and I'll shoot you back  
The future is bleak? Nah, the future is black  
I said shoot at me and I'll shoot you back  
The future is bleak? Nah, the future is black

I'm Black Opsing it, brap, pop the clip  
Into my pistol and watch this shit  
I'm Black Opsing it, brap, pop the clip  
Into my pistol and watch this shit

To battle Alex Mason, that'd take some adaptation  
I'm the line between rivalry and annexation  
Now I'm handing the plate on to David  
For another generation of bullet penetration  
As enemies are taken out without hesitation  
For stealth infiltration or sheer devastation

Shoot at me and I'll shoot you back  
The future is bleak? Nah, the future is black

I'm Black Opsing it, brap, pop the clip  
Into my pistol and watch this shit  
I'm Black Opsing it, brap, pop the clip  
Into my pistol and watch this shit  
I'm Black Opsing it, brap, pop the clip  
Into my pistol and watch this shit
