

## Destiny 2 Rap: Commander Zavala vs. Cayde-6

Dan Bull

Look around you  
The Galaxy's greatest Guardians gathered  
Though times are dark  
It is the light inside your heart that matters  
You are the final line, mankind relies on for redemption  
Attention!  
Woah, tough crowd  
Okay, let me break the tension

You're a rebel of reprobate  
But there's no one else left that's capable of taking on  
The great threat we face, and then staying to mop up  
The mess they've made  
Yes they layed siege to our motherland  
Our precious home, I saw it all  
And fought amongst the falling rubble  
Deflecting endless blows

They kept on coming, so my gun kept humming  
You should've come and seen it  
It was really quite something  
I looked so great, so good  
In a tide, in a cape, in a hood, it was rather inspiring  
I side eyed a few girls admiring  
Why you suprised? I'm so fine it's tiring  
Anyways I'm getting sidetracked  
Let me go and get a pint  
Pinky promise I'll be right back  
Despite the sacrifice of our finest guardians  
We could not stop the scarlet army rising  
From the ashes of the darkness  
The tower fell, the city rushed  
Our homes are crushed to dust  
Plus my stuff, now I was salty before  
But now I've had just enough

I mean who does this stuff?  
It's unproductive, plus  
My stuff!  
So we're gonna look for the chump responsible  
And fffluff him up!  
And so today we know the name of the heinous foe we  
Face  
They call him  
Gavin?  
No Gary  
It's Gary isn't it?  
They call him Ghaul  
His only goal to cause a fall of all we've fought for  
And war till there's nothing at all  
When the Cabal is at the door you look for my support  
But this time I call on yours  
You're probably gonna end up pretty sore

These armor plates, they kinda chafe  
Till your thighs are aching, rubbed really raw  
Sh! All this tech and we still haven't developed

Any military drawers that'll win us any wars  
I've been wearing these ones for months!  
The time is now at hand  
To avenge the injustice thrust upon us  
In our final stand  
I'm a nice guy, so I shan't tell a white lie  
Look, you might die  
But then again, you might survive  
So like every guide of advice, see the brighter side of life  
I ask you: who'll rise and keep aside my side and fight?  
No hide and seek, dab on the haters  
Everyday bro, ride or die!

This is the law of the jungle  
As old and as true as the sky  
The wolf that shall keep it may prosper  
But the wolf that shall break it must die  
As the creeper that girdles the tree trunk  
The law runneth forward and back  
For the strength of the pack is the wolf  
And the strength of the wolf is the -  
Woaaaaah!!!

Hold on  
Sorry, sorry, sorry  
Tripped over the... speaker jack
