

# Life Is Strange

Dan Bull

[Chorus: Cammie]

I don't read between the lines  
Cause I can always turn back time  
Mistakes are something I don't make  
And I know that life is strange  
But I'll never be the same

[Verse 1: Dan]

I am a girl with all the time in the world  
Got time on my hands and time's on my side  
Ahead of my time having the time of my life  
But it's time for a change, time to rewind  
Time for another plan, time to decide  
And if I can rewind then I can read minds  
Pulling together these pieces of time

Pull the hands back, take another path, another chance  
Life is what happens when you're busy making other plans [2x]

[Chorus: Cammie]

I don't read between the lines  
Cause I can always turn back time  
Mistakes are something I don't make  
And I know that life is strange  
But I'll never be the same

[Verse 2: Dan]

Each photograph I take is a broken little token of a moment and a place  
Another snapshot backed up on the laptop  
I gather evidence against Blackwell lapdogs  
This is for Kate Marsh  
The way they baited her is way harsh  
Why must they take time to break hearts  
When all we want to do is stay aside, make art?  
Arrange parts of time into a straight path  
Time to pay your dealer and time's a great healer  
I might faint from this time bomb  
Hey Veela  
My cerebral cortex is spinning a vortex  
Clubs you're not invited to and things you never saw yet  
I need a time out right now  
I need to breathe back those hurtful words into my mouth  
But as I wipe the blood from my nose I know that my time's up, another momen  
t... froze  
It's high time we had an everyday hero  
In the right place at the right time, here, oh  
I guess I've got time for one more line  
So Cammie run that by me one more time

[Chorus: Cammie]

I don't read between the lines  
Cause I can always turn back time  
Mistakes are something I don't make  
And I know that life is strange  
But I'll never be the same
