

# Rocket League Ye

Dan Bull

I never liked football at school  
Was never liked much by the cool kids  
And I wasn't picked from the line up  
Until the last, it was tough, it was cruel  
And I wasn't into motor racing  
It seemed too slow, too basic  
Crashing was a no no  
Ramming other cars was rated too invasive  
Come on  
Let me put them through their paces  
Let's do it properly  
Lick a shoot of broccoli  
Buckle up and boot up ROCKET LEAGUE

SUPERSONIC ACROBATIC ROCKET-POWERED BATTLE-CARS  
WITH WHEELS AND GRILLS  
IN PLACE OF HEELS  
OF COURSE YOU'RE GONNA  
GET TACKLED HARD

Little cars and big balls  
Big balls, little cars  
The crowd count down aloud  
View the newest shooting stars  
Little cars and big balls  
Big balls, little cars  
3, 2, 1, CHARGE!

Mix Fifa, Tony Hawk and Carmageddon  
I'm in heaven even at the thought of it  
In half a second, I'm tumescent  
Move aside viagra  
I'm throbbing at the bonnet  
Of an E-Type Jaguar  
I'm flustered  
The rush has got me gushing like niagara  
Rap star  
Soccer crossed with Nascar  
Not a crowd pleaser  
I leave the people shouting:  
THAT'S HARSH!  
I do what I gots to do  
To get those bawls  
To bless those goals  
Don't give a shit  
If you drive a silver shadow, man  
I'll wreck your rolls

Little cars and big balls

Little cars and big balls

3, 2, 1, CHARGE!

When I burn out my nitro

Better turn down your iso  
It's a photo finish so  
The arena just might blow  
I might go psycho  
Supercharged like a rhino  
Large like a dino  
Size aside  
My machine  
Is anything but micro  
I'm coming for you fast  
You scummy little twat  
You just got battered  
By a car  
In a funny little hat
