

Big One

Dan Croll

I was starting to enjoy my time here
But found myself running for the door
As the plates and the glasses all came crashing to the floor
I heard your voice echo down the hall
I wondered if this is how we'll go
You said it was a ripple, well, I'm not sticking 'round for the show

You're easy going, I got a worried mind
I toss and turn while you sleep just fine
Now every morning, every night
Oh, I pray there's no big one today

I feel paranoid, anxious, and a fool
For checking every crack in the wall
But, oh my God, could you imagine if this was what ended it all
?
There's a bag packed ready by the door
And you say it brings us hope
But at the end of the day we're still living on a slope

You're easy going, I got a worried mind
I toss and turn while you sleep just fine
Now every morning, every night
Oh, I pray there's no big one today
Oh, I pray there's no big one today

I hate the neighbors, Valerie for sure
Stomping overhead on the second floor
And if the big one comes to be
I just hate that she'll be landing on me

You're easy going, I got a worried mind
I toss and turn while you sleep just fine
Now every morning, every night
Oh, I pray there's no big one today
There's no big one today
