

Positive Forces

Dan Hartman

Woo

Ooh, let's go, let's go, let's get 'em
Let's get those positive forces
Let's go, let's go, let's get 'em right
Get those positive forces

I didn't know if after you I could remember my name
The price I paid took away something that'll never be the same
Then I could get crazy, want you back baby
Thinking there's still a chance
But I don't want pretend, I'm gonna pick me up again

Let's go, let's go, let's get 'em now
Get those positive forces
Let's go, let's go, let's get 'em right
Get those positive forces
Let's go

Woo

So I need you back baby
You took a stab baby, stabbed me right in my heart
But now I'm on my feet, I know just what I need
Let's go

Get positive forces
Get positive forces
Get positive forces, forces, forces
Ooh, let's go, let's go, let's go
Get positive forces
Let's go, go, go
Get positive forces
Ooh, let's go, let's go, let's go, let's go, let's go (forces)
(Positive forces)
(Positive forces)
Get positive forces
Get positive forces (positive forces)
(Positive, positive, forces, forces, forces)
(Positive, positive, forces)
