

# Love Without Fear

Dan Wilson

You meet a lot of lonely people on the road  
Get a little scared, throw you to the wolves  
You meet a lot of perfect strangers in your room  
Get a little close, run away soon

[Chorus]

All I want in this life of mine  
Is someone to take my hand  
Walk with me side by side  
All I need in this world of tears  
Is someone to give me time  
And love without fear

Give me time

And love without fear

You meet a lot of silent partners in this game  
Standing to the side, waiting with a claim  
You see a lot of empty airships in this sky  
Silver on blue, take you for a ride

[Chorus]

[Chorus]

Give me time  
And love without fear

Give me time  
And love without fear

Love without  
Love without fear
